

APPENDIX No. 1

to Annexes I of the Ministry of the Environment Directive No. 9/2009 on the provision of financial resources from the State Environmental Fund of the Czech Republic under the Green Savings programme for measures leading to energy savings and the use of renewable energy sources in residential buildings in force from 13th August 2009

Appendix No. 1 to Annexes I of the Ministry of the Environment Directive No. 9/2009, on the provision of financial resources from the State Environmental Fund of the Czech Republic under the Green Savings programme for measures leading to energy savings and the use of renewable energy sources in residential buildings in force from 13th August 2009, regulates the conditions for granting subsidies for general insulation of multiple-dwelling panel houses.

1) Appendix to Annex No. I/1 “Basic definitions and list of subsidised areas under the Programme”

A) The following text is added to Annex No. I/1 “Basic definitions and list of subsidised areas under the Programme”, after the family house definition:

A multiple-dwelling panel house is a multiple-dwelling house built in some of the unit-type construction systems listed in Annex No. 1 to Government Regulation No. 299/2001 Coll., as amended;

B) The following text is added to Annex No. I/1 “Basic definitions and list of subsidised areas under the Programme”, in the non-panel technology definition after the words “... listed in Annex to GR No. 299/2001 Coll.”:

, as amended.

2) Appendix to Annex No. I/2 “Conditions for granting subsidies in individual areas”

The following wording is added to Annex No. I.2 “Conditions for granting subsidies in individual areas”, at the end of Section A.1 “General Insulation”:

Projects for the heat insulation of multiple-dwelling houses built in some of the unit-type construction systems listed in Annex No. 1 to Government Regulation No. 299/2001 Coll., as amended, require consulting and information centres to be set up pursuant to Section 3, Paragraph 4 of Government Regulation No. 299/2001 Coll., as amended. The consulting and information centres shall validate whether conditions set out by Section 3, Paragraph 1, Paragraph 2, Paragraph 3 Subsections a) and b), and Paragraph 4 of Government Regulation No. 299/2001 Coll., as amended, have been met (Nový PANEL (the New PANEL programme)). Additional conditions for granting subsidies for multiple-dwelling panel house insulation, and deviations in requests for presenting documents are listed in Annex No. I/13.

3) Appendix to Annex No. I/3 “Rules and conditions of granting financial resources from the Fund”

In Annex No. I/3 “Rules and conditions of granting financial resources from the Fund”, Section 1 “Basic rules”, the wording of Subsection 9 is modified as follows:

The building survey required for multiple-dwelling houses is evidenced by an opinion prepared by a body authorised in civil engineering, building environment technology or dynamics, having at least five years of practice in building construction or design and building modifications. If such building survey recommends improving the structure and repairing the building shell, the house owner is obliged to take all recommended measures necessary for quality implementation of the subsidised measure. The provisions of Annex I/13 apply to the application for a subsidy for general multiple-dwelling panel house insulation.

4) Annex No. I/13 “Conditions of granting subsidies for panel house insulation”

The following Annex No. I/13 is added at the end of Annex I:

Annex No. I/13

Conditions of granting subsidies for multiple-dwelling panel house insulation in Subsidised Area A.1

Subsidies from the Programme shall be granted to multiple-dwelling panel house insulation projects provided the subsidy applicant presents an opinion from the consulting and information centre set up pursuant to Section 3, paragraph 4 of Government Regulation No. 299/2001 Coll., as amended (hereinafter as the “Consulting Centre”), declaring that the conditions set out by the provisions of Section 3, Paragraph 1, Paragraph 2, Paragraph 3 Subsections a) and b), and Paragraph 4 of Government Regulation No. 299/2001 Coll., as amended (Nový PANEL (the New PANEL programme)), have been met.

Before submitting the application for subsidy in Subsidised Area A.1, the building survey is not required for multiple-dwelling panel houses if the building survey had been submitted to the Consulting Centre as a material for issuing their opinion.

The project attached to the application in the scope set out by Annex No. I/5 may be replaced by project documents prepared for the purposes of Nový PANEL (the New PANEL programme).

The expert opinion pursuant to Annex I/7, Section A shall not be changed for the purposes of the Programme.

Unless regulated by this Annex No. I/13, the provisions of the MoE Directive on the provision of financial resources from the State Environmental Fund of the CR under the Green Savings programme and Annexes I thereto shall fully apply to granting subsidies from the Fund under the Multiple-Dwelling Panel House Insulation Programme.

5) This Appendix shall come into force on the day of its signing by the Minister of the Environment and into effect on 1 September 2009.

Prague, August 2009
